

Mayor and Council for the Borough of Runnemede have authorized multiple Capital Improvement Projects that are scheduled for construction this summer. Residents may experience temporary road closures as these projects progress. Mayor and Council would like to extend a note of appreciation to our residents and ask for your patience. This temporary inconvenience is unfortunately unavoidable. However, once completed, these improvements will benefit the community as a whole.

The following is a projected schedule for the various projects:

#### 2009 Road Program
