REPORT OF AUDIT OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2015

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Borough Council
Borough of Runnemede
Runnemede, New Jersey 08078

Report on the Financial Statements

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Borough of Runnemede, in the County of Camden, State of New Jersey, as of December 31, 2015 and 2014, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed assets group of accounts - regulatory basis for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

As described in note 1 to the financial statements, the financial statements are prepared by the Borough on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

In our opinion, because of the significance of the matter discussed in the “*Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough of Runnemede, in the County of Camden, State of New Jersey, as of December 31, 2015 and 2014, or the results of its operations and changes in fund balance for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Borough of Runnemede, in the County of Camden, State of New Jersey, as of December 31, 2015 and 2014, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis and expenditures - regulatory basis of the various funds, and general fixed assets group of accounts - regulatory basis, for the year ended December 31, 2015 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

Emphasis of Matter

Adoption of New Accounting Principles

As discussed in note 8 to the financial statements, during the year ended December 31, 2015, the Borough adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*. As a result of the regulatory basis of accounting, described in the previous paragraph, the implementation of these Statements only required financial statement disclosures. Our opinions are not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements.

The supplemental statements and schedules presented for the various funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental statements and schedules described in the previous paragraph are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2016 on our consideration of the Borough of Runnemede's, in the County of Camden, State of New Jersey, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Runnemede's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Borough Council
Borough of Runnemede
Runnemede, New Jersey 08078

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, of the Borough of Runnemede, in the County of Camden, State of New Jersey, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements, and have issued our report thereon dated December 21, 2016. That report indicated that the Borough of Runnemede's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. In addition, our report on the financial statements also included an emphasis of matter paragraph describing the adoption of new accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough of Runnemede's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Runnemede's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Runnemede's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying *Schedule of Findings and Recommendations*, that we consider to be a significant deficiency: 2015-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Runnemede's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

The Borough of Runnemede's Response to the Finding

The Borough of Runnemede's response to the finding identified in our audit is described in the accompanying *Schedule of Findings and Recommendations*. The Borough's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BOROUGH OF RUNNEMEDE
Notes to Financial Statements
For the Year Ended December 31, 2015

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Financial Reporting Entity - The Borough of Runnemede is a New Jersey Municipal Corporation located in the County of Camden, approximately fifteen miles southeast of the City of Philadelphia. The population according to the 2010 census is 8,468.

The Borough has a Mayor-Council form of government where the Mayor is separately elected to a four-year term. The Council consists of six members elected to three-year terms. However, executive and administrative responsibility rests with the Mayor, who is assisted by the Borough Clerk.

Component Units - The financial statements of the component units of the Borough of Runnemede are not presented in accordance with Governmental Accounting Standards Board Statement No. 14, as amended by GASB Statements No. 39 and No. 61. If the provisions of GASBS No. 14, as amended by GASBS Nos. 39 and 61 had been complied with, the financial statements of the following component unit would have been either blended or discretely presented with the financial statements of the Borough, the primary government:

Runnemede Free Public Library
Broadway and Elm Avenue
Runnemede, New Jersey 08078

Annual financial reports may be inspected directly at the office of this component unit during regular business hours.

Measurement Focus, Basis of Accounting and Financial Statement Presentation - The financial statements of the Borough contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

In accordance with the "Requirements", the Borough accounts for its financial transactions through the use of separate funds which are described as follows:

Current Fund - The current fund accounts for resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds - The various trust funds account for receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The general capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the current fund.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)**

Sewer Utility Operating and Capital Funds - The sewer utility operating and capital funds account for the operations and acquisition of capital facilities of the municipally owned sewer operations.

General Fixed Asset Group of Accounts - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

Budgets and Budgetary Accounting - The Borough must adopt an annual budget for its current and sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the Borough requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for governmental fixed assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and *Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Part 200, §200.12), except that the useful life of such property is at least five years. The Borough has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Borough is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the Borough's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

Utility Fixed Assets - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment and improvements and contributed capital.

Foreclosed Property - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the general fixed assets account group. If such property is converted to a municipal use, it will be recorded in the general fixed assets account group.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Liens Sold for Other Governmental Units - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

Fund Balance - Fund balances included in the current fund and sewer utility operating fund represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Borough's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Property Tax Revenues - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Borough's annual budget, but also the amounts required in support of the budgets of the County of Camden, the Borough of Runnemede School District, and the Black Horse Pike Regional High School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

School Taxes - The municipality is responsible for levying, collecting and remitting school taxes for the Borough of Runnemede School District and the Black Horse Pike Regional High School District. Operations is charged for the full amount required to be raised from taxation to operate the local and regional high school districts for the period from January 1 to December 31.

Library Taxes - The municipality is responsible for levying, collecting and remitting library taxes for the Runnemede Free Public Library. Effective 2011, the amount of library tax is a separate local levy tax and is remitted to the Library through the municipal budget.

County Taxes - The municipality is responsible for levying, collecting, and remitting county taxes for the County of Camden. County taxes are determined on a calendar year by the County Board of Taxation based upon the ratables required to be certified to them on January 10 of each year. Operations is charged for the amount due to the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10 of the current year, and due to be paid to the County by February 15 of the following year.

Reserve for Uncollected Taxes - The inclusion of the "reserve for uncollected taxes" appropriation in the Borough's annual budget protects the Borough from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Expenditures (Cont'd) - Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income.

Long-Term Debt - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital and utility capital funds. Where an improvement is a "local Improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Impact of Recently Issued Accounting Principles**Recently Issued and Adopted Accounting Pronouncements**

For the year ended December 31, 2015, the Borough adopted GASB 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*, and GASB 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*. As a result of adopting such Statements, the Borough was required to measure and disclose liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures related to their defined benefit pensions. As a result of the regulatory basis of accounting previously described in note 1, the implementation of these Statements only required financial statement disclosures. There exists no impact on the financial statements of the Borough.

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Borough's deposits might not be recovered. Although the Borough does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

Of the Borough's bank balances of \$7,861,212.56 as of December 31, 2015, \$1,026,884.61 was uninsured and uncollateralized.

Note 8: PENSION PLANS

A substantial number of the Borough's employees participate in one of the following defined benefit pension plans: the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. In addition, several Borough employees participate in the Defined Contribution Retirement Program ("DCRP"), which is a defined contribution pension plan. This plan is administered by Prudential Financial for the New Jersey Division of Pensions and Benefits. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over seven years beginning in July 2012. The member contribution rate was 6.92% in State fiscal year 2015. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) increased from 8.5% of base salary to 10%. Employers' contributions are based on an actuarially determined amount which includes the normal cost and unfunded accrued liability.

The Borough's contractually required contribution rate for the year ended December 31, 2015 was 12.66% of the Borough's covered-employee payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2015, the Borough's contractually required contribution to the pension plan for the year ended December 31, 2015 is \$135,008.00, and is payable by April 1, 2016. Police and Firemen's Retirement System (Cont'd) – *Special Funding Situation Component* - Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

The Borough's contractually required contribution rate for the year ended December 31, 2015 was 25.36% of the Borough's covered-employee payroll. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Borough contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

Note 8: PENSION PLANS (CONT'D)**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

Public Employees' Retirement System - At December 31, 2015, the Borough's proportionate share of the PERS net pension liability was \$3,525,121.00. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2015. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2015 measurement date, the Borough's proportion was 0.0157035019%, which was an increase of 0.0008662700% from its proportion measured as of June 30, 2014.

At December 31, 2015, the Borough's proportionate share of the PERS pension expense, calculated by the plan as of the June 30, 2015 measurement date is \$202,936.00. This expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2015, the Borough's contributions to PERS were \$122,316.00, and were paid on April 1, 2015.

Police and Firemen's Retirement System - At December 31, 2015, the Borough's and State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

State of New Jersey's Proportionate Share of Net Pension Liability Associated with the Borough	<u>579,763.00</u>
	<u>\$ 7,190,764.00</u>

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2015. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. For the June 30, 2015 measurement date, the Borough's proportion was 0.0396901845%, which was a decrease of 0.0064908186% from its proportion measured as of June 30, 2014. Likewise, at June 30, 2015, the State of New Jersey's proportion, on-behalf of the Borough, was 0.0396901845%, which was a decrease of 0.0064908186% from its proportion, on-behalf of the Borough, measured as of June 30, 2014.

At December 31, 2015, the Borough's proportionate share of the PFRS pension expense, calculated by the plan as of the June 30, 2015 measurement date is \$425,046.00. At December 31, 2015, the State's proportionate share of the PFRS pension expense, associated with the Borough, calculated by the plan as of the June 30, 2015 measurement date is \$72,317.00. Actuarial Assumptions

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2015. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>PERS</u>	<u>PFRS</u>
Inflation	3.04%	3.04%
Salary Increases:		
2012-2021	2.15% - 4.40% Based on Age	2.60% - 9.48% Based on Age
Thereafter	3.15% - 5.40% Based on Age	3.60% - 10.48% Based on Age
Investment Rate of Return	7.90%	7.90%
Mortality Rate Table	RP-2000	RP-2000
Period of Actuarial Experience		
Study upon which Actuarial		
Assumptions were Based	July 1, 2008 - June 30, 2011	July 1, 2010 - June 30, 2013

For PERS, mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees.

Note 8: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

For PFRS, mortality rates were based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and one year using Projection Scale BB for male service retirements with adjustments for mortality improvements from the base year based on Projection Scale BB. Mortality rates were based on the RP-2000 Combined Healthy Mortality Tables projected fourteen years using Projection Scale BB for female service retirements and beneficiaries with adjustments for mortality improvements from the base year of 2014 based on Projection Scale BB.

For PERS and PFRS, in accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's and PFRS's target asset allocation as of June 30, 2015 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	5.00%	1.04%

Note 8: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

Discount Rate - The discount rate used to measure the total pension liability at June 30, 2015 was 4.90% for PERS and 5.79% for PFRS. For both PERS and PFRS, the respective single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.90%, and a municipal bond rate of 3.80% as of June 30, 2015, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and for PFRS, the non-employer contributing entity, will be made based on the average of the last five years of contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033 for PERS and through 2045 for PFRS. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033 for PERS and through 2045 for PFRS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liabilities.

Sensitivity of Borough's Proportionate Share of Net Pension Liability to Changes in the Discount Rate

Public Employees' Retirement System (PERS) - The following presents the Borough's proportionate share of the net pension liability at June 30, 2015, the plans measurement date, calculated using a discount rate of 4.90%, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

Changes in Benefit Terms - None

Changes in Assumptions - The discount rate changed from 5.39% as of June 30, 2014, to 4.90% as of June 30, 2015, in accordance with Paragraph 44 of GASB Statement No. 67.

Other Changes in Assumptions – New assumptions related to future increases on Social Security Wage Base and the 401(a)(17) compensation limit have been added as follows:

401(a)(17) Pay Limit – 3.00 per annum
Social Security Wage Base – 4.00 per annum

Police and Firemen's Retirement System (PFRS)

Changes in Benefit Terms - None

Changes in Assumptions - The discount rate changed from 6.32% as of June 30, 2014, to 5.79% as of June 30, 2015, in accordance with Paragraph 44 of GASB Statement No. 67.

Other Changes in Assumptions – Demographic assumptions with respect to no-vested withdrawal, disability, service retirement, active death, salary increases rates and inactive mortality were revised in accordance with the results of the July 1, 2010 – June 30, 2013 experience study and approved by the Board of Trustees of the PERS Pension Plan at its February 9, 2015 Board Meeting.

Note 9: DEFERRED COMPENSATION SALARY ACCOUNT

The Borough offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457 which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Borough or its creditors. Since the Borough does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Borough's financial statements.

Note 10: RUNSEN HOUSE SENIOR CITIZEN FACILITY

On February 12, 1992, the Borough of Runnemede adopted Ordinance 92-1 entitled Senior Citizen Facility. The purpose of the Ordinance was to provide Runsen Associates, Inc. with a loan in the amount of \$250,000.00 without interest, payable on the 30th anniversary of the full occupancy date, to assist financing of the construction of a senior citizen facility. The facility consists of 81 residential one-bedroom rental units for low-income eligible occupants. On March 2, 1993, the Borough of Runnemede increased the amount of the loan by \$50,000.00 by adopting Ordinance 93-1.

Note 11: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

Plan Description - The Borough provides postretirement health care benefits through a health plan for retirees, which includes a medical, dental, and prescription plan. The Borough's plan provides an agent multiple-employer post-employment healthcare plan which covers the following retiree population: eligible retirees who retire from active employment with the Borough who have at least twenty-five (25) years of service with the Borough. Coverage is provided for the retirees and their spouse up to age sixty-five, providing the retirees annually certify that they have no other medical coverage. Currently, twenty-one (21) retirees meet these eligibility requirements. The plan is administered by the Borough; therefore, premium payments are made directly to the insurance carriers. Reimbursements by the retirees are paid in monthly installments after the Borough provides the retirees with a detailed accounting of the costs.

Funding Policy - The contribution requirements of plan members and the Borough are established and may be amended by the Borough's governing body. Plan members receiving benefits contribute to the cost of health care plans to the same extent as active employees.

Retirees - The Borough presently funds its current retiree postemployment benefit costs on a "pay-as-you-go" basis and as shown above, receives monthly contributions from retirees to offset a portion of the cost. The Borough's contributions to the plan for the years ended December 31, 2015, 2014, and 2013 were \$324,545.38, \$297,821.36, and \$282,812.83, respectively.

Future Retirees - In accordance with Statement No. 45 of the Governmental Accounting Standards Board, the Borough is required to disclose the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty (30) years. The ARC includes the costs of both current and future retirees. The current ARC was determined to be \$769,819.13 at an unfunded discount rate of 4.5%. As stated above, the Borough has funded the cost of existing retirees in the amount of \$324,545.38, and has incurred the benefit costs for future eligible employees, but has not yet begun funding this outstanding liability.

Annual OPEB Cost - For year ended December 31, 2015, the Borough's annual OPEB cost (expense) of \$769,819.13 for the plan was equal to the ARC plus certain adjustments. The Borough's annual required contribution (ARC), the increase or decrease in the net OPEB obligation, the net OPEB obligation, and the percentage of annual OPEB cost contributed to the plan for year 2015 is as follows:

Annual Required Contribution (ARC)	<u>\$ 769,819.13</u>
Annual OPEB Cost	769,819.13
Pay-as-You Go Cost (Existing Retirees)	<u>(324,545.38)</u>
Increase (Decrease) in the Net OPEB Obligation	445,273.75
Net OPEB Obligation, January 1	<u>-</u>
Net OPEB Obligation, December 31	<u>\$ 445,273.75</u>
Percentage of Annual OPEB Cost Contributed	42.2%

Note 11: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)**Funded Status and Funding Progress** - The funded status of the plan is as follows:

Actuarial Accrued Liability (AAL)	\$ 23,094,574.02
Actuarial Value of Plan Assets	<u>-</u>
Unfunded Actuarial Accrued Liability (UAAL)	<u>\$ 23,094,574.02</u>
Funded Ratio (Actuarial Value of Plan Assets / AAL)	-
Covered Payroll (Active Plan Members)	\$ 1,943,828.50
UAAL as a Percentage of Covered Payroll	1188.1%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, as shown above, presents multiyear trend information that shows whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions - The projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the *December 31, 2015* actuarial valuation, the entry age actuarial cost method was used. Under this method, an actuarial accrued liability is determined as the actuarial present value of the portion of projected benefits which is allocated to service before the current plan year. In addition, a normal cost is determined as the actuarial present value of the portion of projected benefits which is allocated to service in the current plan year for each active participant under the assumed retirement age. The UAAL is being amortized (straight-line) for thirty (30) years on an open basis. The actuarial assumptions included the following:

- *Mortality.* Age 75 for males and age 80 for females
- *Assumed Retirement Age.* at first eligibility after completing 25 years of service.
- *Full Attribution Period.* service to assumed retirement age.
- *Rate of Medical Inflation.* 7% increase in the cost of benefits per year
- *Annual Discount Rate.* Future costs have been discounted at the rate of 4.5% compounded annually for GASB 45 purposes.
- *Retiree Contributions.* 11% of the annual premium coverage from eligible retirees.

Note 12: COMPENSATED ABSENCES

Full-time employees are entitled to fifteen paid sick leave days each year. Unused sick leave may be accumulated and carried forward to the subsequent year. Vacation days not used during the year may not be accumulated and carried forward.

The Borough does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2015, accrued benefits for compensated absences are valued at \$213,873.92.

Note 13: LEASE OBLIGATIONS

At December 31, 2015, the Borough had lease agreements in effect for the following:

Operating:

Two (2) Xerox 7855 Photocopy Machines
One (1) Ricoh C2503 Photocopy Machine

The following is an analysis of the Borough's operating leases:

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2015, the following deferred charges are shown on the statement of assets, liabilities, reserves and fund balance of the following fund(s):

<u>Description</u>	<u>Balance December 31, 2015</u>	<u>2016 Budget Appropriation</u>

Note 16: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

New Jersey Unemployment Compensation Insurance - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State.

The following is a summary of Borough contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's trust fund for the current and previous two years:

<u>Year</u>	<u>Borough Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2015	\$ 11,830.19	\$ 18,694.16	\$ 2,150.73
2014	16,777.68	15,100.33	9,014.70
2013	27,028.03	24,599.83	7,337.35

Joint Insurance Pool - The Borough of Runnemede is a member of the Camden County Municipal Joint Insurance Fund. The Fund provides its members with the following coverage:

Workers' Compensation and Employer's Liability
 Liability other than Motor Vehicles
 Property Damage other than Motor Vehicles
 Motor Vehicles

Contributions to the Fund, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

Note 16: RISK MANAGEMENT (CONT'D)

The Borough's agreement with the pool provides that the pool will be self-sustaining through member premiums and will reinsure through the Municipal Excess Liability Joint Insurance Fund for claims in excess of \$50,000.00 to \$200,000.00 based on the line of coverage for each insured event.

The Fund publishes its own financial report for the year ended December 31, 2015, which can be obtained from:

Camden County Municipal Joint Insurance Fund
Park 80 West, Plaza One
Saddle Brook, New Jersey 07663

Note 17: CONTINGENCIES

Grantor Agencies - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Borough expects such amount, if any, to be immaterial.

Litigation - The Borough is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the Borough, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

Note 18: CONCENTRATIONS

The Borough depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the Borough is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

Note 19: SUBSEQUENT EVENTS

Authorization of Debt - Subsequent to December 31, the Borough authorized additional bonds and notes as follows:

<u>Purpose</u>	<u>Adoption</u>	<u>Authorization</u>
General Improvements
