

# SUMP PUMPS

**Water discharge from sump pumps into Borough sidewalks and roadways, particularly in these recent wintry conditions can freeze, creating a hazardous and unsafe icing condition affecting pedestrians and motorists within the Borough.**

**The Borough would like to remind the residents of their responsibility to maintain the safe and operable condition of their sump pumps and that discharges are not be channeled, piped or drained onto or accumulate upon a public sidewalk, walkway, street or alleyway. Offenders may be subject to a violation of Ordinance § 281-10(G) of the Borough of Runnemede Code.**

**Thank you for your assistance in keeping the Borough of Runnemede hazard-free for all!**
