

Pipeline Replacement Project

IRISH HILL ROAD AND 3RD AVENUE PROJECT

South Jersey Gas is improving our natural gas infrastructure that provides safe, reliable, affordable natural gas to 400,000 customers across southern New Jersey.

The upcoming work in your neighborhood is part of our company's ongoing pipeline replacement program, which upgrades aging natural gas mains and services with new, durable plastic.

We may dig on your property as part of this work. A temporary repair will be made until final restoration occurs, typically within 60 to 90 days. Openings in concrete will be temporarily patched with asphalt until final restoration occurs. Openings made in grass areas during the winter may not be restored until warmer weather to facilitate growth.

Residents along this project route will have access to and from their properties at all times. Appropriate traffic control personnel will direct motorists and pedestrians around all work.

Our Commitment

We take great care in implementing construction practices that limit disturbances to homeowners and businesses and we understand your time is valuable. We appreciate your patience and thank you for allowing us to provide you with safe, reliable, affordable natural gas service.

Municipality: Runnemede
County: Camden

Project Timeframe
February 2025 - March 2025

Streets Directly Affected
Henrietta Lane
High Street
Irish Hill Road

Project Scope

- Work will take place Monday through Friday, from 7:00 a.m. to 5:00 p.m. Some Saturday work during the same time frame may occur.
- Our certified contractor will replace aging gas mains with new, durable plastic pipe.
- Service lines from the gas main in the street up to the gas meter will also be replaced.
- If your gas meter is located inside of your home or business, it will be relocated outside.
- Your gas service will be temporarily turned off but will be restored as quickly as possible, in most cases within 8 hours.

Construction Notification

Dear Homeowner:

At South Jersey Gas, we're continually improving our system that brings safe, reliable, affordable natural gas to our customers. We wanted to make you aware that Kiely Civil, a qualified contractor representing South Jersey Gas, will be in your area in the coming weeks to replace, upgrade, or extend our natural gas system.

As a homeowner in the project area, you will receive a door hanger prior to the start of work on your street. The door hanger will include our contractor's name and contact information, as you will need to call them to schedule an appointment with them so they can upgrade or install your natural gas service and perform safety checks. A fact sheet is included with this letter to provide more information about the construction work and impacted streets in your area.

It is the homeowner's responsibility to mark out any private underground conditions on the property, such as sprinklers, electric dog fences, private wells, septic systems and landscape lighting. South Jersey Gas or our contractor will call 811 to mark out any public underground conditions.

If you have additional questions, please call our Project Hotline at: **844.303.1180**

Or email us at: **sjgprojects@sjindustries.com**

All inquiries will be returned within one business day.

For more information about the project, please visit: **southjerseygas.com/neighborhood**

To schedule an appointment, contact Kiely Civil at:
